

Now hiring an
Architectural Designer
to join our team.

Our firm is continuously influenced and fueled by the nature around us, the creative cohesiveness of our team and the relationship we develop with our clients. We create architecture that accents the landscape in which they are nestled.

We are looking for a talented young designer to work on projects from start to finish. Our work includes custom homes, multi-use commercial buildings, historic renovations and more. Our competitive wages and benefits along with our beautiful location, make this an opportunity not to be missed.

Position: Architectural Designer

Employment Type: Full Time

Requirements:

- Minimum Bachelor's Degree in Architecture.
- Minimum 2 years of experience with Revit.
- Minimum 2 years of architecture office experience.
- General proficiency in Microsoft Outlook, Word and Excel.
- Experience with Adobe Suite programs preferred.
- Strong verbal, graphical and written communication skills required.

We value creativity, a strong work ethic and independence at our firm.
